When making your gift, it is very important to notify the Philanthropy Office in advance with the following information: your name, address, and the name of the security and number of shares you are contributing. This is because when shares are transferred broker to broker, only the stock name and the number of shares are communicated, and not the donor's name. Advance notice enables us to immediately identify your stock as a gift from you and acknowledge your generosity for tax purposes.

**Please note: While our brand is now Middlesex Health, our legal name remains Middlesex Hospital.*
